Subject: Information for this week's event
[Lautenberg AgendaFinal.docx](#)

Good afternoon all. This is the follow up email I promised regarding details for this week's event.

- Please arrive by 4:45pm to 950 New Hampshire Ave, the Milken Institute School of Public Health building. Either myself or our events director Cattleya will greet you in lobby and bring you to green room. Our event starts at 5:00pm. Business attire is fine.
- Parking is on the street, in garages on campus or the closest metro stop is Foggy Bottom
- We will be webcasting and capturing the event for web and social media channels
- We discourage using slides but if you have any please send to me by COB this Wednesday and bring a back up on a thumb drive. If you could let me know now as well if you are planning on any slides that would be helpful.
- The event in auditorium goes until 6:30 and the reception starts right after in our Convening Center across the hall. Please plan on staying for at least part of reception if you can!
- Final agenda attached

We look forward to hosting this event and please do not hesitate to get in touch with me with any final questions.

Best, Stacey
